

## Stryker Pro Cheat Sheet to be Used with Assembly Video

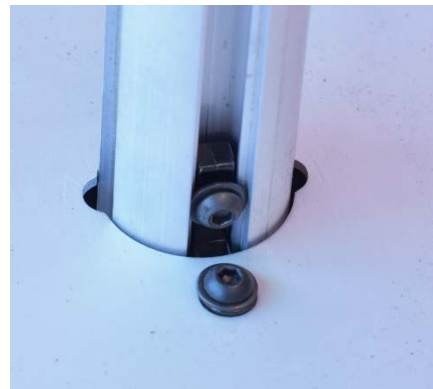

We have assembled most of the Stryker Pro for you. You should receive 2 packages: One box and one pole. Be sure to watch the assembly video at <https://www.strykerpro.com/start-training>

\*\*\*Be sure to have the Open ends of the clips facing away from the targets.

\*\*\*See the black pole connectors? Note where they are in relationship to the plastic clips.

Pole tightens to case from bottom and along sides (Right)

Place Water Bags on each side of base.

Don't forget  
clips point away  
from targets.

Black Metal Pole  
Connectors  
already installed  
on this side.
